LRW35
Motorized Pallet Truck

Easy startup and controlled user access with simple on/off key switch.

Battery discharge Indicator with lift interrupt prevents over-discharging of the battery to protect electrical components.

All controls - lift//lower, travel, and horn-accessible from either side of the handle for left- or right-handed operators.

Onboard charger makes it easy and convenient to charge the truck so it's ready when you are.

ERGONOMIC

+ Operator comfort with a long, ergonomically designed tiller and easily accessible controls for left- and right-handed users.
+ Control in tight areas with maneuverability at slow speeds with the tiller upright against the truck.

SERVICEABILITY

+ Uptime with quick, easy, tool-free access to internal components.
+ Easy lifting and servicing with convenient built-in hoist hooks.

EFFICIENT

+ Lift/lower cutout prevents lifting on a low battery so the unit can be moved to a charging station.
+ Convenient charging with an accessible, always available, self-storing charging cord.

AFFORDABLE

+ Application flexibility with the perfect combination of high capacity and low cost.
+ Economical ongoing operation with low maintenance requirements and costs.
